SUMMARY

With more than 4.5 years of experience in web application development, this driven software engineer specializes in building scalable, high-performing, and user-centric applications. Proven track record of successfully managing features end-to-end, delivering responsive interfaces, and optimizing application performance to enhance user experience. Proven ability to deliver end-to-end features, enhance performance, and collaborate effectively with cross-functional teams to achieve business goals.

TECHNICAL SKILLS

Vue JS, Vuex, Pinia, Vuetify, PrimeVue, Responsive Web Design (RWD), JavaScript, TypeScript, Html/CSS, Bootstrap, Tailwind, Nuxt.js, Jira, Bitbucket, Github, Git, Gitlab, Postman, REST Api, MySql

PROFESSIONAL EXPERIENCE

Keylent Inc

Hyderabad

Software developer

Oct 2022 - Present

Contributed to the development of multiple US-based healthcare and eCommerce platforms, leading frontend architecture and delivering scalable, user-focused applications. Owned end-to-end feature implementation, including complex medical workflows, AI-driven integrations, and production-ready deployments and mentored junior developers to ensure high-quality, performance-optimized releases.

Enhance.md[Environment: Vue Js, PrimeVue, Bootstrap]

- Led the end-to-end frontend development of a US-based eCommerce platform for a weight management program, building the application from scratch, including UI implementation and API integrations.
- Delivered responsive, high-performance user interfaces while managing the complete feature lifecycle from requirement analysis to deployment.
- Mentored and guided two junior developers, conducted code reviews, and collaborated with cross-functional teams to ensure timely and high-quality releases.

Secure consult[Environment: Vue Js, Vuex, PrimeVue, Tailwind]

- Revamped and restructured an existing healthcare application used by US-based doctors, improving code quality, maintainability, and overall system stability.
- Refactored legacy frontend architecture, optimized state management, and enhanced UI consistency to prepare the platform for production readiness.
- Partnered with cross-functional teams to resolve critical issues, streamline workflows, and ensure a reliable and seamless user experience in a regulated healthcare environment.

Kwilt[Environment: Vue Js, PrimeVue, Tailwind]

- Owned the complete frontend development of a US-based health platform providing AI-driven weight management solutions, building the application from scratch and translating design requirements into a functional product.
- Developed a fully responsive, cross-device compatible platform handling medical intake workflows, lab report processing flows, and personalized recommendation journeys.
- Integrated AI-powered backend APIs for lab analysis and personalized medication/meal recommendations, ensuring seamless data flow and stable production releases.

SkinSolutions.md[Environment: Vue Js, PrimeVue, Bootstrap]

- Participated in the development of a US-based eCommerce platform for skincare products, supporting frontend implementation from page design to API integration.
- Collaborated closely with senior developers to build responsive, user-friendly interfaces aligned with business requirements.
- Resolved multiple development tickets, fixed UI and integration issues, and ensured smooth feature delivery within project timelines.

Lemonpeak Consulting Pvt Ltd

Chennai

Software developer

Aug 2021 - Sep 2022

PayArc[Environment: Vue Js, Vuex, Bootstrap]

- Played a key role in developing a payment gateway platform, focusing on payment processor workflows and transaction flow implementation.
- Assisted in frontend page design, UI development, and API integrations under senior guidance to ensure secure and seamless payment processing.
- Worked closely with the team to enhance user experience, resolve integration issues, and support stable production deployments.

ACHIEVEMENTS

- Awarded “Pillar of Strength” (2025) during Annual Day for consistent performance and strong contribution to multiple key projects.
- Received client appreciation for timely issue resolution and effective root cause analysis in production environments.
